Release Notes

What changed in every Northwind Commerce release, newest first.

- Northwind Commerce 4.2
- Northwind Commerce 4.1

Northwind Commerce 4.2

Released 14 September 2026.

- The catalogue importer reports the failing line number instead of stopping silently.
- Partial refunds can restock individual lines.
- Order search now matches on the tracking code.
- Fixed: the monthly tax summary rounded each line instead of the total.

Northwind Commerce 4.1

Released 3 July 2026.

- New *Order supervisor* permission.
- Stock reservations expire after 30 minutes instead of 24 hours.
- Fixed: a store with two domains sent shipping mail from the wrong one.
